

# 2006 The 36th Annual Meeting of JSI Program at a glance

December 11 (Mon.), 2006

2006.10.27

			7:30	8	9	10	11	12	13	14	15	16	17	18	19	20	21																
			45				30	45		20	30	50																					
Osaka International Convention Center (GRAND CUBE OSAKA)																																	
5F	Room A	Main Hall	R1 Review Talk-1	S1 Innate Immunity and Inflammation				Council Mtg.																									
12F	Room B	Conference Hall	S2 T Cell Activation, Memory and Tolerance				Technical Seminar-1		W1 Tumor antigens and their use for induction of anti-tumor immunity	W2 Regulation and manipulation of tumor immunity																							
10F	Room C	1003	R2 Review Talk-2	S3 Immunotherapy				Technical Seminar-2		W3 Bacterial infection and host responses-1 TLR	W4 Bacterial infection and host responses-2 TLR																						
5F	Room D	Multi pur- pose Hall									W5 T cell immune response and memory	W6 B cell immune response and memory																					
10F	Room E	1004 1005							Technical Seminar-3		W7 Transplantation and immunesuppression																						
10F	Room F	1006 1007							Technical Seminar-4		W8 How is leukocyte trafficking regulated by cell adhesion molecules?	W9 How is leukocyte trafficking regulated by chemokine and chemokine receptor signaling?																					
10F	G	1009							Technical Seminar-5		W10 Th1/Th2-1	W11 Th1/Th2-2																					
10F	Room H	1008							Technical Seminar-6		W12 MHC/TCR and antigen processing	W13 Development of immune cells and lymphoid organs																					
10F	Room I	1001 1002	S4 Cell Movement and Trafficking				Technical Seminar-7		W14 Systemic autoimmune diseases–autoantibody, genetic predisposition	W15 Systemic autoimmune diseases–pathogenesis and treatment																							
12F	Room J	1202							Technical Seminar-8		W16 Host immune response to plasmodium SPP	W17 Host immune response to disease-causing parasites and fungii.																					
3F	Poster Exhibitions	Event Hall	Poster set-up	Poster Exhibitions (W1~W17)										Poster Discussion (Odd number)	Poster Discussion (Even number)	Removal																	
3F	Commercial Exhibition	Event Hall	7:30 8:00	Commercial Exhibition												16:00	17:00	18:30															
																		9:00													18:00		

# 2006 The 36th Annual Meeting of JSI

## Program at a glance

December 12 (Tue.), 2006

			7:30	8	9	10	11	12	13	14	15	16	17	18	19	20	21	30				
			45				30	45	15	30	50	20			30			30				
			Osaka International Convention Center (GRAND CUBE OSAKA)																			
5F	Room A	Main Hall		R3 Review Talk-3	S5 Immune Recognition, Signaling and Imaging				General Mtg. & Award Lecture													
12F	Room B	Conference Hall			S6 Zinc and Immunity					W18 Basic and clinical perspective of tumor immunotherapy	W19 Activation and antigen- presenting activities of dendritic cells											
10F	Room C	1003		R4 Review Talk-3	S7 Allergy					W20 Bacterial infection and host responses- 3 Innate immunity-1	W21 Bacterial infection and host responses- 3 Innate immunity-2											
5F	Room D	Multi pur- pose Hall								W22 Cytokines and their receptors-1: Helper T cell, especially Th17, regulation by cytokines	W23 Cytokines and their receptors-2: Regulation of inflammatory diseases by cytokines											
10F	E	1004 1005																				
10F	F	1006 1007								W24 IgE, mast cells and allergy - Cellular signaling and transcriptional regulation	W25 IgE, mast cells and allergy - Novel regulator and clinical application											
10F	G	1009								W26 Apoptosis	W27 T cell development											
10F	Room H	1008								W28 B cell differentiation, activation, and signal transduction - Intracellular signaling regulating B cell activation -	W29 B cell differentiation, activation, and signal transduction - Functional molecules involved in B cell activation and maturation											
10F	Room I	1001 1002			S8 B Cell Biology					W30 Induction and regulation of organ- specific autoimmunity	W31 Pathogenesis and therapeutic strategy for organ-specific autoimmune diseases											
12F	Room J	1202								W32 Viral infection and host responses - focusing on viral factors	W33 Viral infection and host responses - focusing on host immunity											
3F	Poster Exhibition	Event Hall	Poster set-up	Poster Exhibitions (W18~W33)									Poster Discussion (Odd number)	Poster Discussion (Even number)	Removal							
3F	Commercial Exhibition	Event Hall	7:30 8:00	Commercial Exhibition											16:30 17:30	18:30 19:00						
				9:00															18:00			

Get-together Party  
Rihga Royal Hotel  
Sanraku

# 2006 The 36th Annual Meeting of JSI

## Program at a glance

December 13 (Wed.), 2006

			7:30	8	9	10	11	12	13	14	15	16	17	18	19	20	21				
								30	45	45	20	30	50								
			Osaka International Convention Center (GRAND CUBE OSAKA)																		
5F	A	Main Hall		<b>S9</b> Costimulatory Molecules and DC																	
12F	B	Conference Hall		<b>S10</b> Late Prof. Yuichi Yamamura Memorial Symposium				<b>DS-1</b> Seminars of different fields from Immunology-1	<b>W34</b> DC subsets and functions	<b>W35</b> Function of dendritic cell: tolerance and deviation											
10F	C	1003		<b>S11</b> Autoimmune Diseases				<b>DS-2</b> Seminars of different fields from Immunology-2	<b>W36</b> Bacterial infection and host responses-4 Acquired immunity	<b>W37</b> Regulatory T cells and immunological											
5F	D	Multi purpose Hall							<b>W38</b> Cytokines and their receptors-3: Regulation of cytokine signal transduction and immunity	<b>W39</b> Costimulatory signal and lymphocyte activation											
10F	E	1004 1005						<b>DS-3</b> Seminars of different fields from Immunology-3	<b>W40</b> NKT cells	<b>W41</b> NK cells and MHC receptors											
10F	F	1006 1007																			
10F	G	1009		<b>S12</b> Regulation of Immune Responses by Pathogens				<b>DS-4</b> Seminars of different fields from Immunology-4	<b>W42</b> Signal transduction and transcriptional regulation	<b>W43</b> Activation of signaling pathways downstream of T cell receptor.											
10F	H	1008						<b>DS-5</b> Seminars of different fields from Immunology-5	<b>W44</b> Mucosal immunity-1	<b>W45</b> Mucosal immunity-2											
10F	I	1001 1002		<b>S13</b> Mucosal Immunity				<b>DS-6</b> Seminars of different fields from Immunology-6	<b>W46</b> Rheumatoid arthritis: emerging seeds for clinical application	<b>W47</b> Rheumatoid arthritis: new perspectives for and from clinical application											
12F	J	1202							<b>W48</b> Toward the elucidation of regulatory mechanisms for allergic inflammation	<b>W49</b> Identification of novel elements in allergic inflammation and the therapeutic approaches											
3F	Poster Exhibition	Event Hall		Poster set-up	Poster Exhibitions (W34~W49)										Poster Discussion (Odd number)	Poster Discussion (Even number)	Removal				
3F	Commercial Exhibition	Event Hall		8:30	9:00	Commercial Exhibition										16:00	17:00	18:00	18:30		
				9:00											17:00
