

2012 Annual Meeting of the Japanese Society for Immunology Program at a glance
 December 5 (Web.), 2012

Floor		Program Room Number	7:30	8	30	9	30	10	30	11	30	12	30	13	20	30	14	30	40	55	15	30	16	15	30	17	30	18	30	19	30	20	30	21
Kobe International Conference Center	1	Room A	Main Hall			R1 Review Talk-1	S1 Innate immunity					Council Mtg.																						
	3	Room B	Room 301			R2 Review Talk-2	S2 Lymphocyte development					T1 Technical Seminar-1	W1 Etiopathogenesis of rheumatoid arthritis	W2 Animal model of rheumatoid arthritis																				
	3	Room C	Reception Hall									T2 Technical Seminar-2	W3 Approaches to the pathogenesis with mouse models and human clinical samples	W4 Organ-specific autoimmune diseases: Multiple sclerosis and type I diabetes																				
	4	Room D	Room 401+402									C1 Clinical Seminar-1	W5 T cell signaling	W6 Epigenetic and transcriptional regulation of T cell function																				
	5	Room E	Room 501									L1 Lecture on Related Fields-1	W7 B cell activation and signaling	W8 Germinal center reaction - 1																				
	5	Room F	Room 502									L2 Lecture on Related Fields-2	W9 Tolerance and immune suppression: Infection/Inflammation/Autoimmune disease	W10 Tolerance and immune suppression: Transplantation/Tumor immunology																				
	5	Room G	Room 504+505									C2 Clinical Seminar-2	W11 Thymic microenvironments	W12 Stromal microenvironments for immune responses																				
Kobe International Exhibition Hall No. 2	2	Room H	Meeting Room 2A									T3 Technical Seminar-3	W13 Cytokines and chemokines-1	W14 Cytokines and Chemokines-2																				
	3	Room I	Meeting Room 3A																W15 Helper T cell subsets (Th1, Th2, Th9) and their regulation	W16 Th17-TFH and their regulation														
	3	Room J	Meeting Room 3B																W17 Innate immunity and primary defense against bacteria	W18 Bacterial virulence factors and host response														
Kobe Portopia Hotel Main Bldg.	B1	Room K	Room Kairaku 2			R3 Review Talk-3	S3 Effector T cell functions and neuro-immune interactions					C3 Clinical Seminar-3	W19 Skin immunity	W20 Containment of mucosal inflammation and infection																				
	B1	Room L	Room Kairaku 3			R4 Review Talk-4	S4 Autoimmune diseases					C4 Clinical Seminar-4	W21 Dendritic cells: Biological Functions	W22 Immune regulation by macrophages																				
Kobe International Exhibition Hall No. 2	1	Poster Exhibition	Convention Hall	Poster set-up	Poster Exhibition (W1~W22)															Poster discussion (Odd number)	Poster Discussion (Even number)	Removal												
		Equipment Exhibition		7:30 8:00	Equipment Exhibition															16:30 17:30	18:50	18:30												

Floor		Program Room Number	7:30	8	30	9	30	10	30	11	10	30	12	30	13	30	14	30	15	30	16	30	17	30	18	30	19	30	20	30	21
Kobe International Conference Center	1	Room A	Main Hall	S5 Perpetuation and resolution of inflammation						General Mtg. & Award Lecture																					
	3	Room B	Room 301	S6 Imaging of immune responses						T4 Technical Seminar-4		W23 Regulation of IgE production		W24 Allergy on the skin																	
	3	Room C	Reception Hall							C5 Clinical Seminar-5		W25 Innate immunity and inflammation-1		W26 Innate immunity and inflammation-2																	
	4	Room D	Room 401+402							T5 Technical Seminar-5		W27 T cell development		W28 Leukocyte Trafficking																	
	5	Room E	Room 501							L3 Lecture on Related Fields-3		W29 The regulatory mechanisms of the activation and differentiation of mast cells and granulocytes		W30 The functions of mast cells and granulocytes in inflammatory responses																	
	5	Room F	Room 502							L4 Lecture on Related Fields-4		W31 Human immunology (primary immunodeficiency and novel techniques)		W32 Human Immunology (human cell and mouse model)																	
	5	Room G	Room 504+505							C6 Clinical Seminar-6		W33 Development and lineage commitment of hematolymphoid system		W34 Immune response to viral infection																	
Kobe International Exhibition Hall No. 2	2	Room H	Meeting Room 2A							T6 Technical Seminar-6		W35 Memory T and B cells		W36 Cytokines and chemokines-3: Regulation of expression and signal transduction pathways																	
	3	Room I	Meeting Room 3A							T7 Technical Seminar-7		W37 Development of cancer therapy using tumor antigens and immune-related molecules		W38 Augmentation of anti-tumor immune responses for effective immunotherapy																	
	3	Room J	Meeting Room 3B									W39 Adaptive immunity and vaccine against bacterial infection		W40 Antigen presentation																	
Kobe Portopia Hotel Main Bldg.	B1	Room K	Room Kairaku 2	S7 B cell activation						C7 Clinical Seminar-7		W41 Regulatory T cells - Molecular mechanisms of the development and function-		W42 Novel therapy and evaluation of rheumatoid arthritis																	
	B1	Room L	Room Kairaku 3	S8 Allergy						C8 Clinical Seminar-8		W43 Induction potency of adaptive immunity and biodefense by dendritic cell		W44 Molecular basis for regulating the functions of macrophages and dendritic cells																	
Kobe International Exhibition Hall No. 2	1	Poster Exhibition	Convention Hall	Poster set-up	Poster Exhibition (W23~W44)																		Poster discussion (Odd number)	Poster Discussion (Even number)	Removal						
		Equipment Exhibition		8:00	8:30	Equipment Exhibition														17:10	18:10	19:10	19:30								

Get Together Party
KOBE PORTOPIA HOTEL
"Kairaku1・2・3"
19:30-21:30

2012 Annual Meeting of the Japanese Society for Immunology Program at a glance
 December 7 (Fri.), 2012

			7:30		8:30		9:30		10:30		11:30		12:30		13:20		14:30		15:40		16:15		17:30		18:30		19:30		20:30		21:30				
Floor	Program Room Number																																		
Kobe International Conference Center	1	Room A	Main Hall		R5 Review Talk-5	S9 Regulation of immune responses																													
	3	Room B	Room 301		R6 Review Talk-6	S10 Systems immunology												W45 Mechanism and regulation of allergic airway diseases																	
	3	Room C	Reception Hall							C9 Clinical Seminar-9						W46 Innate immunity and inflammation-3																			
	4	Room D	Room 401+402							T8 Technical Seminar-8						W47 Molecular mechanisms of the regulation of T cell functions						W48 New strategies for regulating T cell functions													
	5	Room E	Room 501							L5 Lecture on Related Fields-5						W49 B cell development and application						W50 Germinal center reaction-2													
	5	Room F	Room 502							L6 Lecture on Related Fields-6						W51 Innate T lymphocytes						W52 Innate lymphoid cells including NK and natural helper and related cells													
	5	Room G	Room 504+505							T13 Technical Seminar-13						W53 Viral Immunity in human and animal model-1						W54 Viral Immunity in human and animal model-2													
Kobe International Exhibition Hall No. 2	2	Room H	Meeting Room 2A							T9 Technical Seminar-9						W55 Systemic autoimmune diseases-1						W56 Systemic autoimmune diseases-2													
	3	Room I	Meeting Room 3A							T10 Technical Seminar-10						W57 Mechanisms for cancer immune-evasion and its reversal																			
	3	Room J	Meeting Room 3B													W58 Immunology against parasitic and fungal pathogens - protozoa and helminth						W59 Immunology against parasitic and fungal pathogens - fungus and others													
Kobe Portopia Hotel Main Bldg.	B1	Room K	Room Kairaku 2		R7 Review Talk-7	S11 Mucosal barrier						T11 Technical Seminar-11						W60 Cells constituting the mucosal immune system						W61 Interaction between the mucosal immune system and the commensal microbiota											
	B1	Room L	Room Kairaku 3		R8 Review Talk-8	S12 Translational research in immunology						T12 Technical Seminar-12						W62 Immunoregulation by dendritic cells						W63 Functions of human dendritic cells and macrophages											
Kobe International Exhibition Hall No. 2	1	Poster Exhibition	Convention Hall	Poster set-up	Poster Exhibition (W45~W63)																		Poster discussion (Odd number)	Poster Discussion (Even number)	Removal										
		Equipment Exhibition		7:30 8:00	Equipment Exhibition																		16:30	17:30	18:50	18:30
